TECHNICAL SKILLS

Frontend	HTML5 · CSS3 · JavaScript (ES6+) · React.js · Bootstrap
Backend / DB	SQLite
Language	Python
Tools	Git & GitHub · Vercel · VS Code · Responsive Design

PROJECTS

Zenith X – Premium Audio Product Showcase — React · CSS Animations · WebGL · HTML5 Canvas

- ▶ Built an immersive product-launch landing page for a premium headphone brand using React and WebGL-powered 3D rendering.
- ▶ Engineered a cinematic loading sequence and scroll-driven animations to deliver an Apple-style premium user experience.
- ▶ Integrated HTML5 Canvas for real-time headphone visualisation with dynamic lighting effects.
- ▶ Achieved fully responsive layout across all viewport sizes with optimised performance.

LuxeCart – Full-Stack E-Commerce Platform — React · SQLite · Bootstrap · REST APIs

- ▶ Developed a feature-complete e-commerce web app with product catalogue, category filtering, shopping cart, and checkout flow.
- ▶ Implemented 3D product-preview capability, enhancing customer engagement for electronics and premium gadgets.
- ▶ Structured a relational SQLite database schema for product, cart, and order management.
- ▶ Styled with Bootstrap for a responsive, mobile-first interface consistent across devices.

HOMIE Coffee – Brand & Ordering Website — React · CSS3 · JavaScript

- ▶ Designed and built a visually rich coffee-brand website with an animated loading experience and immersive scroll storytelling.
- ▶ Crafted a clean, editorial layout that communicates brand identity — origin sourcing, roast profiles, and product offerings.
- ▶ Deployed on Vercel with CI/CD pipeline for instant updates and near-zero downtime.

SOFT SKILLS

- ▶ Attention to Detail — delivers polished, pixel-perfect UI with a strong eye for design consistency.
- ▶ Self-Driven Learner — independently built and deployed multiple real-world projects outside of coursework.
- ▶ Effective Communicator — able to break down technical concepts clearly, whether documenting code or collaborating in teams.

Declaration
